

NOTE TO ALL MARTIAL ARTS SCHOOL OWNERS: “STOP PLAYING BILL COLLECTOR!”

“I wanted to be a Martial Arts instructor and school owner, not a bill collector. Member Solutions’ full-service billing gives me time to focus on teaching classes and growing my business.”

THE CHALLENGE:

Like any Martial Arts school owner and instructor, Mark Gajdostik wanted to be teaching classes and growing his Martial Arts membership base. He spent too much of his time chasing down students for payments — time better spent on the mat or expanding his business.

THE SOLUTION:

A fellow successful Martial Arts school owner (and Member Solutions client) suggested he turn to Member Solutions. Using Member Solutions’ [full-service billing](#) would put a team of professionals behind his business to do the payment processing and follow-up work for Mark, while maintaining member participation and enthusiasm to promote retention. The billing and servicing solution would also give Mark access to an industry-leading Martial Arts Advisory Team, on-demand webinars, and other resources to help his business thrive.

THE RESULTS:

Since utilizing Member Solutions’ full-service billing and consulting services, **TNT Martial Arts’ membership base has tripled!** Plus, Mark now has the time to run exciting classes and hold events that contribute to member retention and enrollment efforts. *“For a little bit of money, you can save yourself A LOT of headaches and stress, and in turn grow your student base. I highly encourage other Martial Arts businesses to look at the successful schools that are using Member Solutions’ services. They are there for a reason.”*
