

GO PAPERLESS WITH EVENT MANAGER

Mark Gajdostik

TNT MARTIAL ARTS, Hillsboro, Oregon

TNT Martial Arts provides preschool age, youth, and adult Martial Arts Programs. www.martialartshillsboro.com

“We use Event Manager for every event we hold – camps, parent date nights, workshops. It makes tracking, registration and payment collection so simple. Now I have time to teach classes instead of collecting fees and paper forms!”

THE CHALLENGE:

Event sign-up sheets...Registrants paying for events at the front desk... The process was burdensome and time-consuming for Mark Gajdostik. He wanted to be teaching classes, not doing paperwork. Mark needed a way to automate the event registration process and reach his customer base with event information immediately.

THE SOLUTION:

Mark began using the online registration solution, **Event Manager**, a tool designed to simplify event registration, payment collection, and marketing.

THE RESULTS:

Since implementing **Event Manager**, registrations have gone up, revenue has increased, and customer satisfaction has soared. Through the easy-to-use online registration tool, Mark now sends a simple email with a convenient link to his prospects – allowing his students’ parents to register and pay in seconds.

Put the paper registration forms away!
